Re: 28th Annual WBO Convention

Dear Shahe:

I appreciate your words and positive outlook towards the future development of boxing in India. The WBO Convention's success belongs to everyone who took time from their busy schedule to attend. Each and every one of us is an important factor that will provide potential to the history to boxing.

I look forward to a long and prosperous relationship with the Indian Professional Boxing Association and the potential of the Indian people.

Please do not hesitate to contact me if you need future assistance.

See you next year in Puerto Rico!

Cordially,

Paco
